Sightseeing and Activities in Dubai

Some of Dubai Attractions

Burj Khalifa

Soaring 828 metres above Dubai and currently the world's tallest building, the Burj Khalifa represents a union of art, engineering and heritage. It's home to thousands of metres of office space, 900 private residences, the 160-room Armani Hotel and at the **Top**, the outdoor observation deck on the 124th floor. The most recent addition is At the TopSKY, a record-breaking observation deck on the 148th. Buy your tickets at:

The Dubai Fountain: Featuring the world's largest choreographed fountain system, this popular son-et-lumière show jets up to 22,000 gallons of water as high as 150 metres in the air at any one time.

Dubai Aquarium and Underwater Zoo

The 10 million-litre tank at the Dubai Aquarium is one of the largest in the world, containing more than 33,000 aquatic animals and the largest collection of sand tiger sharks anywhere. Rising to the third floor of The Dubai Mall, the aquarium is home to 70 species of sea life and has several ways to experience underwater life, starting with a stroll through a 48-metre, walk-through tunnel. You can also take a glass-bottom boat tour, get wet in a snorkelling cage and even don an oxygen tank to go swimming with the sharks. Ticket information:

The Dubai Mall: located at the foot of the Burj Khalifa and sprawling across 1.1 million square metres, it is the world's largest shopping, entertainment and leisure destination.

Burj Al Arab

The hotel's distinctive sail-shaped silhouette has made it an iconic symbol of modern Dubai. Often voted the world's most luxurious hotel, the Burj Al Arab is one of the region's most famous tourist landmarks. Built on a triangular man-made island, the billowing sail-like structure rises 321 metres above the sea and the hotel's atrium lobby is the tallest in the world.
